DATE: - 9th November 2023

VENUE: - MULTIPURPOSE HALL

TIME:-. 11:00 am to 2:00 pm

NO OF PARTICIPANTS: - 50

COLLABORATIVE: - It was a non-collaborative event

OBJECTIVES:-

- To enhance knowledge related to culture, customs of Diwali celebration.
- To create awareness regarding harmful effects of Diwali on environment.
- To encourage eco-friendly practices to reduce air and noise pollution during Diwali.
- To provide opportunities of creative expression to students by making them participate in various co-curricular activities.
- To nourish the organizational skills of students by providing them opportunities to plan, organize and execute various activities.

Coordinator:

ASSISTANT PROFESSOR: - Ms. SONAL CHAVAN

ASSISTANT PROFESSOR:- Ms. MANPREET KAUR

Reflection:-

Diwali is a festival of light and brings positivity and hope in life. The interns of Royal H.A School presented a special assembly on it consisting of paper reading related to significance of Diwali and also customs and traditions related to it. There was also song and dance performances to celebrate the festival. Students gained a deeper appreciation for cultural diversity and community spirit. In the later half of the day, students engaged in collaborative activities like Diya decoration, Toran making, Thali decoration and Rangoli making which provide them opportunities to develop teamwork and communication skills and also showcase their creativity. All these Diwali dedicated CCA activities were organized, supervised and judged by the student council which helped them in learning various managerial skills. Overall, these celebrations not only added festive joy but also contributed to a sense of unity, creating lasting memories of cultural inclusivity in the college environment.

Learning Outcome Achieved:-

Student teachers became familiar with the traditions and customs of Diwali through its paper reading. The paper reading also spread awareness among students regarding harmful effects of firecrackers on environment and promoted use of eco-friendly practices to reduce air and noise pollution. Students showcased their creativity through participation in various co-curricular activities and also learned managerial skills by organizing, supervising and judging various co-curricular activities.

Feedback from the students

Kulsum-

The event greatly expanded my understanding of different cultural and traditional values and gave me a great understanding of how they can be used in our lives.

Saba -

It taught me to develop students' art and craft creativity.

Nasreen:-

This event was beautifully executed to bring together cultural & traditional practices.

Shifa:

This event provide us opportunities to showcase our creative expression.

Tejashwini:

This event not only gave us the opportunity to celebrate but also learn various managerial and supervision skills.
