

ROYAL COLLEGE OF EDUCATION AND RESEARCH FOR WOMEN

REPORT ON TEACHERS DAY

NAME OF THE PROGRAM: Teacher's Day

VENUE : Multipurpose room

DATE : 10th September , 2024

TIME: 9:30 Am - 10:00 Am

NO OF PARTICIPATION: 15

OBJECTIVE: The objective of celebrating Teacher's Day is to recognize and honor the crucial role that teachers play in shaping students' lives and contributing to society. It's an opportunity to appreciate their dedication, hard work, and influence on education.

Awareness: Through Paper Reading on "The Evolving Role of Teachers in Indian Perspectives" provides valuable insights into the dynamic nature of the teaching profession in India. It offers students a historical overview of how teachers' roles have transformed, reflecting shifts in educational policies, societal expectations, and technological advancements. The paper also highlights current challenges such as integrating technology, managing diverse classrooms, and adapting to socio-economic changes. It also showcases innovative teaching practices and strategies that address modern educational needs, emphasizes the importance of ongoing professional development, and explores how societal expectations of teachers have shifted. Additionally, it provides perspectives on future directions for the profession, helping educators and policymakers understand and navigate the evolving landscape of education.

Skill Development: Celebrating Teachers' Day provides valuable learning experiences for both students and educators. It deepens appreciation for teachers by highlighting their crucial role in education and the challenges they face. Organizing and participating in these celebrations help develop leadership, event management, and teamwork skills. Additionally, Teachers' Day serves as a platform for reflection and feedback, enabling individuals to assess their strengths and areas for improvement. Networking opportunities with peers, and experienced professionals foster collaboration and potential mentorship. Overall, Teachers' Day enriches understanding of the teaching profession and supports the growth of a cohesive and skilled educational community.

COORDINATORS: Prof. Mandrita Mitra

REFLECTION :

Royal College of Education and Research for Women organized Teacher's Day on 10th September 2024 in the college. It was a great opportunity for us to celebrate Teachers' Day with our respected Principal ma'am, teachers, non-teaching staff and my dear friends as a Student teacher it was an honor to appreciate our respected teacher and their hard work and dedication in our life.

Teachers' Day serves as a profound occasion to reflect on the evolving role of educators in India. Historically, teachers in India have transitioned from revered spiritual and philosophical guides in ancient times to multifaceted professionals navigating modern educational demands. The evolution from the guru-shishya tradition to the integration of digital tools and blended learning models illustrates this transformation.

Paper reading was done on role of teachers in ancient times, teachers were holistic mentors, focusing on both academic and ethical development. The Vedic, Upanishadic, and Buddhist periods saw teachers as pivotal figures in imparting sacred knowledge and cultural values. The introduction of Islamic and colonial educational systems further diversified the teacher's role, integrating religious, cultural, and administrative aspects.

One more paper was in contemporary India, teachers are adapting to technological advancements, diverse student needs, and evolving educational policies like the National Education Policy (NEP) 2020. They are now seen as facilitators of critical thinking, lifelong learning advocates, and community leaders. Modern teachers are also embracing blended learning models, continuous professional development, and innovative pedagogical approaches to meet the demands of a rapidly changing educational landscape.

Ultimately, Teachers' Day highlights the enduring significance of teachers in shaping both academic and personal development, reaffirming their crucial role in guiding students towards a successful and balanced future. Students appreciated teachers and non-teaching staff with small gift as a token of love. Students presented poetry and sing song and show their talent. Program ends with principal's address.

LEARNING OUTCOME:

1. **Appreciation of the Teaching Profession:** Students will develop a deeper appreciation for the significance and impact of the teaching profession on society and individuals. Students express gratitude for teachers' contributions and recognize the challenges teachers face in their roles.
2. **Understanding the Role of Teachers:** Students will understand the multifaceted roles of teachers in shaping minds, promoting lifelong learning, and contributing to national development. Students articulate the importance of teachers beyond the classroom and their role in fostering critical thinking and social responsibility.
3. **Promotion of Values and Ethics in Teaching:** Students will understand the ethical responsibilities of teachers, including fairness, respect, and nurturing a positive learning environment. Students discuss key ethical principles such as integrity, inclusivity, and empathy in teaching.
4. **Enhanced Motivation and Inspiration:** Students will feel motivated and inspired to pursue the teaching profession with dedication and a sense of purpose. Students express enthusiasm about teaching, and some may share their long-term goals and aspirations in the profession.

5. Collaboration and Teamwork: Students will recognize the importance of collaboration and teamwork among teachers to improve student outcomes and enhance professional development. Students engage in group activities during the program, showcasing the spirit of cooperation and mutual support.

These outcomes aim to provide future educators with a holistic perspective on teaching and help them develop both personally and professionally.

FEEDBACK FROM STUDENTS :

Riya Dwivedi: "The Teachers' Day celebration was truly inspiring. The special assembly provided valuable insights into modern teaching techniques, it was a great opportunity to appreciate our teachers and learn more about their evolving roles."

Shifa Shaikh: I really enjoyed the celebration. It was done nicely with paper reading which added more knowledge about India's education system and the evolving role of teachers in Indian Perspectives.

Roshni Shaikh: "The celebration not only made me appreciate my teachers more but also motivated me to strive for excellence in my own teaching career. The emphasis on innovative methods and lifelong learning encouraged me to think creatively about how I can make a positive impact in the classroom."
