Reflection: -

Attending the **inclusive practices workshop** was a transformative experience that deeply impacted students understanding of diversity, equity, and inclusion. One of the most striking insights was recognizing the teacher's own unconscious biases and the profound influence they have on the students' perceptions and interactions.

The workshop also provided practical strategies and tools for promoting inclusivity, from inclusive language and communication practices to fostering diverse representation and participation. These insights have equipped the students teachers with tangible actions to implement in students professional and personal life.

Learning Outcomes Achieved:-

The workshop helped in raising awareness among student teachers towards inclusion in education, workplace and community. It also equipped student teachers with various pedagogical and class related strategies to practice inclusion successfully.

Feedback of the students

Mahima-

The workshop greatly expanded my understanding of inclusive education.

Nasreen -

It taught me to develop students' self-awareness and self-management skills.

Renuka :-

This workshop was beautifully executed to give insight into various inclusive practices.

Niomy:-

The workshop has helped in understanding different approaches for an inclusive classroom.

Ria:-

It is great to learn from the insight of such renowned resource person.
