Reflection:

Beach Cleaning activity raised awareness about the importance of keeping beaches and oceans clean and the impact of pollution on the environment. It brought the communities together, fostering a sense of responsibility and cooperation among participants.

Community work in an orphanage and old age home involved providing support and services to children who have lost their parents or who are in vulnerable situations. Engaging in this

type of work can be both rewarding and challenging, and it offers a unique opportunity for personal growth, as well as a chance to contribute positively to the lives of children in need.
