NAAC ACCREDITED ' B++ ' (1 ST CYCLE)

GREEN CLUB
Celebrates
WORLD WATER DAY
On
22nd March, 2025

Why Save Water?

- Water is life. Let's protect it for future generations.
- Freshwater resources are limited – let's conserve today for tomorrow.

Small Steps, Big Impact:

- Turn off taps when not in use.
- Fix leaks immediately.
- Take shorter showers.
- Use water-saving appliances and fixtures.

"Every drop of water is precious – use it wisely."

Principal: Dr Judy Grace Andrews
Coordinator: Asst.Prof Ms.Mandrita Mitra
Venue: Multipurpose Hall
Time:9:00 am

OBJECTIVES:

- To spread awareness about the significance of freshwater and the importance of preserving water resources for future generations.
- To promote responsible Water Usage by encouraging to adopt water-saving habits in their daily lives.

- To promote values of Environmental Stewardship, and understand their role in preserving natural resources for the well-being of future generations.

REFLECTION:

Royal College of Education and Research for Women celebrated world water day on 22 march 2025 it was a meaningful and eye-opening experience. It reminded of the essential role water plays in every aspect of life — from drinking and cooking to agriculture and sanitation.

Fatima and Sakshi presented a thoughtful paper reading that provided detailed information about the importance of water conservation and practical ways we can save water in our daily lives. At the end of the session, all of us came together and took a pledge to never waste water and to be responsible in our usage. It was a meaningful moment that reminded us of our duty to safeguard water for future generations.

LEARNING OUTCOMES: At the end of the session, the students will be to:

- Gain Knowledge about the global water crisis and the importance of conserving water.
- Learn practical ways to save water in daily life, such as turning off taps and rainwater harvesting.
- Develop attitude in taking actions in reducing water pollution and protecting water sources.\
- Recognise the role of individuals and communities in promoting sustainable water use.
- Comprehend the environmental and social impact of water wastage.

FEEDBACK:

Ms. Shaista:

To me, the celebration was a meaningful reminder of how crucial it is to protect and preserve our water resources.

Ms. Sadiya:

I found the Water Day event informative and inspiring, encouraging us to be more responsible with water use.

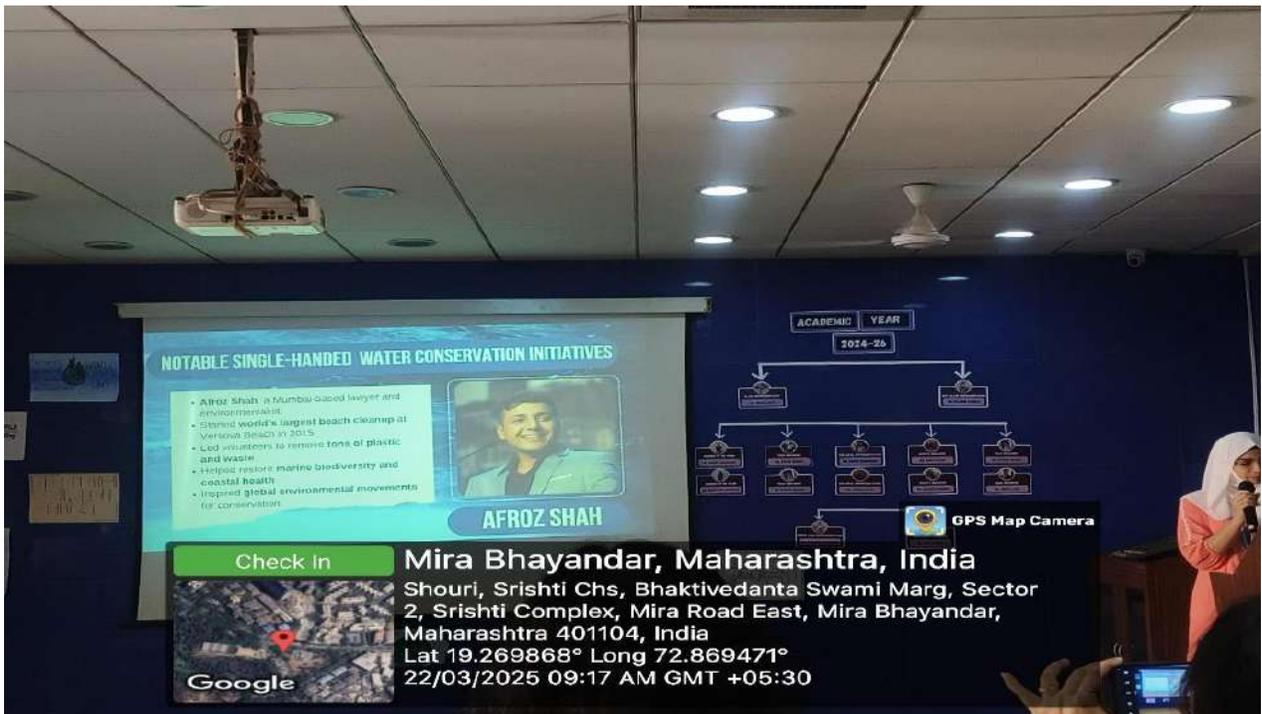

Ms. Grace:

I appreciated how Water Day brought attention to simple actions we can take to conserve water.
