

ROYAL COLLEGE OF EDUCATION AND RESEARCH FOR WOMEN

On Campus Placement Drive- iTeach Scool

NAME OF THE PROGRAM: On Campus Placement Drive

DATE : 06/04/2026

VENUE: MULTIPURPOSE ROOM

TIME: 11 am onwards

NO. OF PARTICIPANTS: 31

OBJECTIVES:

- To facilitate interview sessions with representatives from iTeach Schools
- To provide information on the placement criteria set by iTeach Schools
- To offer students the opportunity to present their resumes and participate in interviews with prospective employers.
- To enhance students' interview skills through practical experience and interaction with employers.

REFLECTION:

Royal College of Education and Research for Women was approached by the iTeach Schools requesting for the On-campus placement Drive. The Placement Cell warmly received Recruitment Associate, Ms. Shyamli K.S. and a representative from iTeach Schools for On-campus Placement Drive on 6th April, 2026. iTeach Schools Office is a non-profit education organization based in Pune that runs free, high-impact schools for students from underserved communities. It works mainly through a public-private partnership (PPP) model with local municipal corporations. They currently operate 9 secondary schools in Pune for Grades 8–10 and have also expanded into Mumbai and Navi Mumbai.

The Drive began with the introduction and welcome to the representatives of iTeach Schools, followed by the orientation by Ms. K.S. Shyamli. She furnished the students with some information and official recruitment process of their organization. After this, the students were interviewed for their first screening. This invaluable experience served to enhance students' interview skills as they interacted with prospective employers during the placement event. It proved to be a rewarding and enlightening experience for all student-teachers actively seeking employment opportunities.

LEARNING OUTCOME:

- Gained understanding of interview procedures, placement criteria, and employer expectations at iTeach Schools.
- Improved verbal and non-verbal communication through recruiter interactions.
- Built confidence in attending interviews through practical exposure and mock interactions.
- Developed awareness of career opportunities and workplace expectations.
- Identified strengths and areas for improvement through interview feedback.
- Acquired practical experience for future campus placements and professional recruitment processes

CONCLUSION:

The On-campus Placement Drive conducted in collaboration with iTeach Schools proved to be highly beneficial for the student-teachers. It provided them with valuable exposure to professional recruitment procedures, strengthened their interview and communication skills, and enhanced their confidence in facing employment opportunities. The session also created awareness about career prospects in the education sector and served as an important step towards preparing students for their future professional journey.

FEEDBACK OF STUDENTS:

Shahista (S.Y.B.Ed.) : Through placement mela I got the opportunity to sit for interview and gain a practical experience

Isha (S.Y.B.Ed.) : I really liked the work the iTeache Schools are doing. I felt inspired and would love to be a part of it.

Sadiya (S.Y.B.Ed.): Through the placement mela we got the opportunity to learn more about the work culture in different institution.
