Learning Outcomes

- Developed creativity and critical thinking
- Improved my communication and presentation skills
- Learned empathy, patience, and social responsibility
- Understood real-life social problems
- Gained confidence, teamwork, and leadership qualities
- Learned the importance of service, discipline, and humanity

Reflection from students:

Kashish (F.Y.B.Ed.) : This community service program was a very meaningful and memorable experience for Us. Visiting places like Aamcha Ghar, Kainat Old Age Home, and Nithyanand Ashram helped me understand real-life problems and the value of helping others. I learned to communicate confidently with different people and became more patient and responsible. This program not only improved my social skills but also changed my thinking and attitude towards society.

Aratreka (F.Y.B.Ed.) : Through this community service, we learned many important life lessons. I realized that small efforts can bring happiness to others. Interacting with children and elderly people helped me improve my communication and presentation skills. This experience made me more confident, kind, and socially responsible, and I will always remember it as an important part of my learning journey.
