REFLECTION:

On the occasion of International Day of Yoga, a special assembly was conducted in the college. The program began with assembly and seen motivational video on yoga followed by an informative paper reading on the significance and benefits of yoga. It helped the students to gain deeper insights into how yoga contributes to overall well-being.

The students also attended a morning online yoga session conducted by Mr. Saurabh Bothra, which was highly engaging and motivating. After the session, we received online participation certificates, which added to our sense of accomplishment.

Later in the day, the students performed various yoga exercises and pranayama, focusing on the mental and physical well-being of a woman and teaching professionals. The S.Y.B.Ed. students took part enthusiastically. With the guidance of the yoga instructor of the college, Ms. Nanda. The students learned not only the correct techniques but also the value of incorporating yoga into their daily lives.

After the session, the students personally felt refreshed, peaceful, and mentally calm. This experience has motivated the students to make yoga a part of my daily routine and dedicate time each day to nurture both body and mind.
